

# BRAINSTORMING YOUR PERSONAL STORY

Select a topic for your story. Think of important details that pull the listener in. Add details that relate to the ask you are making.

The template consists of a central box labeled *topic of your story* surrounded by six larger boxes for details. The boxes are arranged in a circular pattern around the central box. Each detail box is divided into three sections: a small top section, a large middle section, and a small bottom section. The background features a green geometric pattern with white lines and dots.
