

BRAINSTORMING YOUR PERSONAL STORY

Select a topic for your story. Think of important details that pull the listener in. Add details that relate to the ask you are making.

The form is a brainstorming template for a personal story. It consists of a central box labeled "topic of your story" surrounded by six larger boxes for details. The boxes are arranged in a circular pattern around the center. Each box is divided into three sections: a top section for the topic, a middle section for details, and a bottom section for the ask. The background is a green gradient with a faint constellation pattern.
